At Moon Palace Golf & Spa Resort, you can easily fill a vacation by simply enjoying the abundant dining options available. With 13 exceptional restaurants, you can dine at a different place every night of the week on specialties including Mexican, International, American, Italian and Asian fare. Your thirst for margaritas can be quickly quenched at any of our 12 bars, including six in the pool area. The sugary white sand beach stretches for nearly 2,000 feet and the swimming pools – seven in all, two of them freestyle – are among the largest in Central America. Outdoor Jacuzzis®, swim-up bars and children's areas make your poolside time perfect. Play some tennis or basketball, hit the beach for sand volleyball, or dive into some non-motorized water sports. Play a challenging and rewarding round of world-class golf on our Jack Nicklaus Signature course, or indulge in the sensory pleasures of our spa at Moon Spa & Golf Club. After dinner, the festivities continue with dancing into the wee hours at our Andromeda disco.

Whatever your choice, your meals, drinks, and all taxes and gratuities are included in our All-Inclusive Features, so don't give it a second thought – order whatever your heart desires.

Whether you choose an ocean panorama or a view of our lush resort grounds, your guest room will take your breath away.
